

Custom Weddings OF COLORADO

Providing professional planning, coordinating & consulting for over 12 years

Wendee has been coordinating meetings and weddings in Colorado since 1995 when she was an assistant to two wedding coordinators at Keystone Resort. She spent most of her mid-career as a meeting planner, traveling all the U.S. developing and implementing logistics for medical conferences. In 2001 after years of professional experience, Wendee founded her first full-service wedding & event planning company. Today, Wendee is a high school teacher, a wedding day-of coordinator and consultant. After planning her own small wedding in 2007, she saw a need for creating small, quality weddings and elopements for Colorado-based and destination couples. Hence, the birth of this intimate wedding package.

Wendee believes in providing high-quality services at an incredible value by limiting clients to seven at a time; she believes in doing less, but better. She is based out of the Golden, Colorado area, but is available for planning worldwide. Her distinctive skills are her knowledge of locations & vendors, the ability to understand clients' desires, thoroughness and attention to detail - all with a warm and friendly approach. Her hobbies include spending time with her new baby boy, trail running, biking, gardening, snowboarding, snowmobiling, skiing and fostering dogs for Rocky Mountain Lab Rescue.
